

Why do you want this job.

ABC'C Reputation is certainly a factor. Also, a friend of mine who has been working here in the I.T department for the past 2 year has said that the company's culture encourages learning and development while on the job and really rewards hard work

Why should we hire you :

As I have read on your website, you're planning to launch several new products and features in the upcoming months and i would to be a part of that growth. I know that my experience in product management and my leadership skills will help your company with on time realeases and delivary

Weakness :

Sometime, i find it hard to manage my time and cut too close to the deadline. To overcome this, i have started using post-it that i stick on my laptop. I even organise my calender to include my daily, weekly and long term tasks so that i priotize my work better

What are your strengths?

My greatest strength is my ability to focus on my work. Quick Learner with positive and self motivated.

Where in 5 years?

i am really excited about this position because in the next 5 years, i did like to see myself having l2 manager and I know that this job will give me that opportunity. I am even excited about developing my skills and in the next couple of years possibly even takes the lead on some projects.

Why should you hire you?

I believe that everyone starts with a beginning, I need a platform to prove my abilities and skills. I think your company is the right place to explore my abilities. I need to be a part of your growth. I will do my level best."

Explain, how would you be an asset to this organization?

To become an asset for an organization, we have to punctual, dedicated, quickly adapt of the environment and positive working attitude I have all of these qualities so I will prove an asset for this company.
